EUROPE TO SEND

Foreigners Satisfied With Racing Conditions Here, According to August Belmont.

New York, August 7.—August Belmont, chairman of the board of directors of the Jockev Club, who returned yesterday from Europe, declares that American racing interests abroad are so satisfied that racing will be continued under the present modification in New York State again next year, that they are planning to ship many famous horses back to this country in anticipation of the season.

"I believe that the sport will be thoroughly re-established next year," said Mr. Belmont. "There will be no fall meeting under the auspices of the Jockey Club this year, however. Racing is a thing with which you must not surfeit the public."
